

Fullerton, 2/10/2008

Linda Abrams, Anna Marie Flowers, and Dan Hall met for brunch on Sunday the 10th @ 11:11 AM at Tartuffe's Restaurant, at the base of the tower on Fullerton Airport. The weather SoCal weather was clear and warm with mild winds, and was great for flying however; Linda's plane is in annual and Dan & Anna Marie drove in also. No one flew in for the event despite the great weather. We enjoyed the view from our window seat adjacent to the transient parking area which was being utilized for the monthly Aircraft display area. We also had a nice view of the runway, which was quite active. We noticed a polished aluminum and yellow Ercoupe departing just as we were walking to the car. I'm just guessing it may have been Mike Clancy based at Compton, making his escape into the wild blue? Fullerton makes a nice central location in the SoCal area to meet, particularly for those who would like to drive in and meet the group.
