We (me, Ted Lechner, and my passenger Myron Dodd) arrived at about 1030; Joe Chitty, Bea Henke, Jim Grimes, Tony Toni were already there. Bud DeCastro and his wife Vicki, and Bea Henke provided transportation to the restaurant. (the 29'er Diner was closed for maintenance)

The flight there and back was absolutely great, smooth with unlimited visibility, about 55 to 60 degrees at altitude.

Don Carter from Sonoma and Bob Ensley also arrived about 1100, but did not stay for breakfast. They left before we had a chance to take photos.

Had a nice visit, in spite of the inconvenience. There was a total of 5 'Coupes, for a while, anyway.
