

Willows Fly-out; 1/19/2008

We made the Willows thing with three 'Coupes. Mine was down for annual, so Ted Lechner came by and picked me up, and we flew as a twosome with Bill Palank and Jeanne Mundy. Maynard is still in AZ so he was not available. Too bad, there were a lot of left-overs!

We met up with Bob Ensley and his friend Mark at the restaurant, along with Joe Chitty and Bea who drove in. I am embarrassed that I did not recognize Bob at first, and only got it when I saw his 'Coupe parked outside. My apologies again, Bob.

Bob Ensley adds;

Here are some photos I was able to get of the aircraft ahead of mine that was on Final at Willows. He went down and flipped over. Was not on frequency either making calls. He popped out as we passed over head. Not your usual short final visual. - Bob
