Sorry, for the poor picture quality I had to take a picture of a picture, @ 9:30 AM we left in nice weather, flew over the Golden Gate Bridge and down the coast, a 45 minute trip. The next picture B-25, there were also 7(!) Delorean cars there. The rest of the photos are of the crowd & Toni by some motorcycles. Two Ercoupes flew in Jim & Toni, and Les Gorden and Harry in the Zena airplane. Half Moon Bay is base for a rare bird; not the Ercoupe but the man who flies it; a sheriff named Glen (photo). After the air show I lost my camera with some good pictures in it 35 mm. Jim Grimes
