

El Monte Brunch - April 20, 2008

SoCal had our brunch at El Monte Airport on Sunday April 20th. Les Slifkin was the host, and was met by Dan Hall & Anna Marie Flowers, followed immediately by Gary Dallugge, and a bit later by Linda Abrams and Sky Sprite out of Torrance. The weather was reasonably cooperative, with adequate visibilities below the 3,000 to 3,500 foot broken to overcast layer, and temperatures in the 60's. The cloud layer burned off by the time we had finished our leisurely brunch.

Annia's Restaurant made a nice place to meet and chat with good food and reasonable prices - it's a good candidate to return to! They have a nice covered outdoor patio however; we opted to eat indoors, since the breeze was just a bit cool for outdoor dining.
