

12th Annual Colusa Old Time Fly-in, Colusa County Airport O08, Saturday, July 19

We took off early, like about 0830, and the visibility was pretty bad (smoke). Couldn't get too much above 1000' without getting into the thick stuff.

I wish there were more pictures, because there was a good number of 'Coupes there. The ones I knew were: Ted Lechner, Maynard Smith, Bob Ensley, Bill Palank, Frank Robinson, Ruben Jaks, Buzz Dolim, Aaron Scheidel, (John Scheiber's partner), and one guy from Corning who's name eludes me. (& Myron Dodd - DH)

It got hot pretty quick, so we did not linger too long. I ran into Jack Saare, who owns a really nice C model in Clearlake. He drove in because he has not flown in more than two years, and is thinking of selling.

Other than seeing the guys, it was a fairly miserable flight because of the smoke.

Buzzzzzzzzzz
