

Golden West Fly-In, Marysville on June 12th, 13th, & 14th, 2009

The usual informal on field meeting place was the hangar belonging to John Scheiber, at the South East end of the field overlooking the flight line, and about 100 yards past the seminars. John & Buzz were great hosts for this event so please say "Thank you!" for the hospitality.

Buzz shares this;

The show was pretty lean this year. One of the disappointments was the lack of Military demos. Without the big Hornets or A-10's or Harriers, the noise levels were too low. The last picture pretty much tells it all. Maynard was definitely animated and excited, as you can see in the picture! <http://www.goldenwestflyin.org/>
